## ► OUR MISSION

We empower operators to accomplish more, while working in the toughest conditions and tightest situations. Whenever our customers have the will, we provide the way.

## ► HISTORY OF BOBCAT

In 1958, Melroe Manufacturing Company introduced a compact front-end loader that evolved quickly into the M400, the world's first true skid steer loader. The company soon adopted what became the world-famous 'Bobcat' brand – and its success paved the way for the global compact equipment industry we know today. With an ever growing portfolio, Bobcat now offers a whole range of solutions for any job site.

## ► DECADES OF EXPERIENCE

With a legacy of more than 120 years in the development, testing, and construction of portable air machines, each unit that leaves the factory carries within it over a century's worth of reliability and ruggedness ingrained in its DNA.
