

FB 155

REVERSIBLE VIBRATORY PLATE

For compaction of sand, gravel, rock fill and paving stones.

All our machine models are versatile and easy to operate. They are also durable and reliable meaning lower operating and maintenance costs.

- The Swepac FB 155 is a high-performance petrol-powered reversible compactor.
- It has a belt-driven transmission and a fully variable speed control.
- The Hardox® base plate ensures a long service life.
- The compact design makes it suitable in trenches and other areas with limited space. With a paving mat (accessory) attached to the base, it compacts paved areas efficiently for an even surface.
- The robust and galvanized protection frame effectively protects the engine against external damage and is equipped with a strong and powerful lifting hook.
- The ergonomics are top class with a devibrated handle ($HAV < 2,5 \text{ m/s}^2$) and a separate joystick for directional and speed control.
