

FB 270

REVERSIBLE VIBRATORY PLATE

For compaction of sand, gravel, rock fill and paving stones.

All our machine models are versatile and easy to operate. They are also durable and reliable meaning lower operating and maintenance costs.

- The Swepac FB 270 is a high-performance diesel powered reversible compactor.
- The FB 270 has a belt-driven transmission and a fully variable speed control.
- Comes with either joystick or handle control
- The Hardox® base plate ensures a long service life.
- With a paving mat (accessory) attached to the base, it compacts paved areas effectively for an even surface.
- The robust protective frame effectively protects the engine against external damage and is equipped with a strong and powerful lifting hook.
- The ergonomics are top class with a de-vibrated control handle (HAV < 2,5 m/s²).
