

FB 280

REVERSIBLE VIBRATORY PLATE

For compaction of sand, gravel, rock fill and paving stones.

All our machine models are versatile and easy to operate. They are also durable and reliable meaning lower operating and maintenance costs.

- The SSWEPAC FB 280 is a high-performance diesel powered reversible compactor.
- The FB280 has a belt-driven transmission and a fully variable speed control
- Comes with either joystick or handle control
- The Hardox® base plate ensures a long service life.
- With a paving mat (accessory) attached to the base, it compacts paved areas efficiently for an even surface.
- The robust and galvanized protection frame effectively protects the engine against external damage and is equipped with a strong and powerful lifting hook.
- The ergonomics are top class with a de-vibrated control handle (HAV < 2,5 m/s²).

TECHNICAL DATA – SSWEPAC FB 280

Weight, net	269 kg
Base plate, width x length	550 x 790 mm
Height, max / min	1200 / 1030 mm
Length, max / min	1530 / 900 mm
Engine	Hatz 1B30
Fuel tank capacity	3,5 liter
Fuel	Diesel
Engine output, max	4,8 kW (6,5 hp)
Frequency	81-83 Hz
Centrifugal force	40 kN
Working speed	0–25 m/min

Hand/arm vibrations HAV according to ISO 5349 on gravel surface	< 2,5 m/s ²
Guaranteed sound-power level, LwA	108 dB(A)
Sound pressure level (at operator's ear), OP	95 dB(A)

PART NUMBER

308660	FB280 Handle control
308850	FB280 Joystick control

ACCESSORIES

309092	Handle heating for joystick controlled FB280
303139	Paving mat with brackets

SSWEPAC is Sweden's leading manufacturer of soil compactors. The company has a wide range of products, with different engine alternatives and a variety of sizes for every application. SSWEPAC is certified for quality and environmental management under ISO 9001 and 14001, and our machines are CE-certified. You will find detailed information about the company and our products on our website, www.swepac.com. We reserve the right to make changes in technical specifications without prior notice.
